

Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

Read more about Early Journal Content at <http://about.jstor.org/participate-jstor/individuals/early-journal-content>.

JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

RECENT BOOKS AND PAMPHLETS.

ALLEN, J. A.—Notes on New or Little-known North American Mammals, based on recent additions to the collection in the American Museum of Natural History.

—On a Collection of Birds from Chapada, Matto Grosso, Brazil, made by Mr. Herbert H. Smith. Ext. Bull. Am. Mus. Nat. Hist., Vol. III, No. 2. From the author.

AMEGHINO, F.—Nuevos Restos de Mamíferos Fósiles, 1891. From the author.

Annual Report Geological and Natural History Survey of Canada (new series), Vol. IV, 1888–89. From the Survey.

BALL, W. P.—Are the Effects of Use and Disuse Inherited. From Macmillan & Co., publishers, London.

BEECHER, C. E.—Development of Bilobites.

—Development of a Paleozoic Poriferous Coral.—Symmetrical Cell Development in the Favositidae. Exts. Trans. Conn. Acad., Vol. VIII, 1891.

Bulletin No. 4.—Iowa Agricultural Experiment Station, 1891.

Bulletin No. 11.—Rhode Island Agricultural Experiment Station, 1891.

Bulletin No. 79.—North Carolina Agricultural Experiment Station, 1891.

Bull. Soc. Zool. de France Pour l'Année, 1891.

BURMEISTER, H.—Studien zur Beurtheilung der Descendenzlehre—Separat-Abzug aus Archiv für Anatomie und Physiologie, 1891. From the author.

CALL, R. E.—A Sketch of the Physical Geography of Iowa. Ext. Ann. Rep. Iowa Weather and Crop Service, 1890, pp. 12–18. From the author.

CARTAILHAC, E.—La France Préhistorique d'après les Sculptures et les Monuments. From the author.

CHAPMAN, F.—On the Color-pattern of the Upper Tail-coverts in *Colaptes auratus*. —On the Birds observed near Corpus Christi, Texas, during parts of March and April, 1891. Exts. Bull. Am. Mus. Nat. Hist., Vol. III, No. 2. From the author.

CHAPMAN, H. C.—Memoir of Joseph Leidy, M. D., LL. D. Ext. Proceeds. Phila. Acad. Nat. Sci., June, 1891. From the author.

Congress American Physicians and Surgeons, second triennial meeting, Sept., 1891.

COOK, A. J.—Kerosene Emulsion. Bulletin Michigan Agricultural Experiment Station, 1891.

COOKE, J. P.—Laboratory Practice. From D. Appleton & Co., Publishers.

Extrait de l'Annuaire Géologique Universel, Tome VI, 1889. From Dr. Trouessart.

FALL, D.—An Introduction to Qualitative Chemical Analysis. From the author.

FILHOL, H.—Études sur les Mammifères Fossiles de Sansan, 1891. From the author.

FRAZER, P.—The Progress of Chemical Theory, its Helps and Hindrances. Reprint Jour. Franklin Inst., April, May and June, 1891. From the author.

FRORIEP, PROF.—Zur Entwicklungsgeschichte der Kopfnerven. Sonderabdruck aus den Verhandlungen der Anatomischen Gesellschaft, Munich, 1891. From the author.

GILBERT, C. H.—Descriptions of Apodal Fishes from the Tropical Pacific. Ext. Proceeds. U. S. Nat'l. Mus., Vol. XIV, pp. 347-352. From the Smith. Inst.

GILL, T.—On the Genera *Labrichthys* and *Pseudolabrus*. Ext. Proceeds. U. S. Nat'l. Mus., Vol. XIX, pp. 395-404. From the author.

HAWORTH, F.—The Age and Origin of the Crystalline Rocks of Missouri. Bull. No. 5, p. 5, Geol. Surv. Missouri. From the author.

HOWES, G. B.—Some Facts and Fantasies concerning the Vertebrate Cranium. Reprint from Proc. Amateur Sci. Soc., Lond., Vol. I.

—The Morphology of the Sternum. Reprint Nature, Vol. XLIII, p. 269.

—On the Probable Existence of a Jacobson's Organ among the Crocodilia. Ext. Proceeds. London Zool. Soc., 1891.

—On the Visceral Anatomy of the Australian Torpedo.—Observations on the Pectoral Fin-Skeleton of the Living Batoid Fishes and of the Extinct Genus, *Squaloraja*, with especial reference to the affinities of the same. Ext. Proceeds. London Zool. Soc., 1890.

—On some Hermaphrodite Genitalia of the Codfish (*Gadus morrhua*), with remarks upon the Morphology and Phylogeny of the Vertebrate Reproductive System. Ext. Proceeds. Linnean Soc. Jour., Vol. XXIII. From the author.

IVES, J. E.—Echinoderms and Arthropods from Japan.

—Echinoderms from the Bahama Islands. Ext. Proceeds. Phila. Acad. Nat. Sci., 1891. From the author.

IRVING, A.—Metamorphism of Rocks. From the author.

LADD, G. E.—Notes on the Clays and Building Stones of Certain Western Central Counties Tributary to Kansas City. Bull. No. 5, p. 43, Geol. Surv. Mo. From the Survey.

LANGDON, D. W.—Variations in the Cretaceous and Tertiary Strata of Alabama. Ext. Bull. Geol. Soc. Am. Vol. II, pp. 587-606. From the Society.

LOHEST, M.—Recherches sur les Poissons des Terrains Paléozoïques de Belgique. Ext. Ann. de la Soc. Geol. de Belg., Tome XV, Mem., 1888. From the author.

MACFARLANE, R.—Notes on and Lists of Birds and Eggs Collected in Arctic America, 1861-1866. Ext. Proceeds. U. S. Nat. Mus., Vol. XIV, pp. 413-446. From the Smithsonian Institution.

MAJOR, C. J. F.—On the Fossil Remains of Species of the Family *Giraffidae*. Ext. Proceeds. Zool. Soc., London, May, 1891. From the author.

MANSON, C. E.—The cause of the Glacial Period. Ext. Trans. Tech. Soc. Pa. Coast, Vol. VIII, No. 2. From the author.

MERRIAM, C. H., and L. STEJNEGER.—Results of a Biological Reconnoissance of South-central Idaho. North American Fauna, No. 5. From the U. S. Dept. Agri.

MEYER, A. B.—Abbildungen von Vogel Skeletten. From the author.

MONKS, S. P.—Anatomy, Physiology, Hygiene. California State Series of Text Books. From the author.

MORENO, F.—Revista del Museo de la Plata, Tome II, 1891. From the author.

NELSON, J.—Heredity and Sex. Reprint Am. Jour. Physiology, Jan., 1890. From the author.

NOLL, F. C.—Zeitschrift für Beobachtung, Pflege und Zucht der Tiere. Herausgegeben von der "Neuen zoologischen Gesellschaft" in Frankfurt a. M.

On Surrey Hills. From Wm. Blackwood & Sons, Publishers.

PORTER, A.—The Diseases of the Madras Famine of 1877-78.

Proceedings A. A. A. S., Aug., 1890.

RAMSAY, E. P.—Catalogue of the Australian Birds. Pt. III, Psittaci.

Report of Regents of the Smithsonian Institution Showing the Operations, Expenditures and Condition of the Institution to July, 1889. From the Smithsonian.

Report of the Fish Commission for 1887. From M. McDonald.

Reprints of Three Editorials Regarding the Priority in Demonstrating the Toxic Effect of Matter Accompanying the Tubercle Bacillus and its Midus. From the Phila. Acad. Nat. Sci.

RIDGWAY, R.—Description of a New Species of Whippoorwill from Costa Rica. Ext. Proceeds. Nat. Mus., Vol. XIV, No. 857. From the Museum.

SEARS, J. S.—Geological and Mineralogical Notes, Nos. 3 and 4. Reprint Bull. Essex Inst., Vol. XXIII. From the author.

SHINN, M. W.—The Leland Stanford Junior University. Reprint Overland Monthly, Oct., 1891. From the author.

SHUFELDT, R. W.—On the External characters of Foetal Reindeer, and Other Notes. Ext. Proceeds. Phila. Acad. Nat. Sci., 1891.

—On the Saurognathism of the Picidae. Ext. Proceeds. Zool. Soc., London, Feb., 1891.

—Tertiary Fossils of North American Birds. Ext. Auk., Vol. VIII, Oct., 1891. From the author.

SMITH, J. B.—Contributions towards a Monograph of the Noctuidæ of Temperate North America. Revision of the Species of Mamestra. Ext. Proceeds. U. S. Nat. Mus., Vol. XIV, pp. 197-276, with Plates VIII-IX. From the Museum.

SPENCER, J. W.—Post-Pleistocene Subsidence versus Glacial Dams. Ext. Bull. Geol. Soc. Am., Vol. II, pp. 465-476. From the Society.

STEARNS, R. E. C.—List of North American Land and Fresh Water Shells received from the U. S. Dept. Agri. with Notes and Comments Thereon. Ext. Proceeds. U. S. Nat. Mus., Vol. XIV, pp. 95-106. From the Smith. Inst.

STEJNEGER, L.—Description of a New Species of Chamaelon from Kilimanjaro, Africa. Ext. Proceeds. Nat. Mus., Vol. XIV, No. 857. From the Museum.

The Centennial Anniversary of the City of Gallipolis, Ohio. Published by the Ohio State Archeological and Historical Society, 1890.

Third Annual Report Board of Managers Rhode Island Agri. School and Exp. Sta., Pt. II, 1891.

Thirty-ninth Annual Report New York State Museum Natural History. From James Hall.

Transactions of the Eighteenth and Nineteenth Annual Meetings of the Kansas Academy of Science (1885-86), Vol. X.

TRAUBEL, H. L.—Camden's Compliments to Walt. Whitman.

VEEDER, M. A.—The Zodiacal Light. Ext. Proceeds. Rochester Academy Science, Vol. I. From the author.

WINSLOW, I. O.—The Principles of Agriculture for Common Schools, 1891. From the American Book Company, Publishers.
